High School - Advanced College Preparatory , June 1998

Alamance Community College *Graham, NC*
Other - Network Administration

Objective	To obtain employment in the IT field as a web developer and front-end technologist to further personal education and promote career growth.
Strengths	I possess strong skills in both design and layout of graphics and web interfaces. My abilities range from graphic and marketing design to the creation and maintenance of dynamic content and e-commerce driven websites. I have actively been designing marketing concepts and websites for over 7 years.
